RS29161 / H0508

This legislation is intended to protect the community from predatorial sexual offenders by taking them out of Idaho communities for a determined amount of time via incarceration after convicted of listed sexual crime(s).

FISCAL NOTE

5-Year Minimum

Based on information obtained from Idaho Department of Corrections, the estimated fiscal impact would be an annual increase of \$5,708,900 for the State Prisons (IDOC). There may be a fiscal impact to the county jails with the 90-day minimum.

IDOC pulled the number of people convicted for these crimes that were released prior to five years, on a rider, or went directly on probation and came up with 166. The 106 was multiplied by the 2021 average cost per bed of \$79.80. $(166 * 79.80 * 365 = \$4,835,100)$.

Cost of Failure to Register:

IDOC estimated 30 per-year on the failure to register multiplied by the average cost per bed in 2021 of \$79.80. $(30 * 79.80 * 365 = \$873,800)$
